Welcome Letter from the President

by Marcy Guido-Posey RPSGT

Happy Spring Everyone!

Spring is here, flowers are up and planning for the 2012 Pennsylvania Sleep Society Annual meeting is nearly complete. **Did you register yet?** The meeting is in less than 1 week! We have several diverse topics and are again offering 6 Credits. Our topics include Sleep Apnea in Commercial Drivers, Medication effects on the PSG and Behavioral Approaches to Childhood Sleep Issues, just to name a few. Register online through the PSS website: www.pasleep.org.

At the 2012 meeting, I will complete my term as president of the Pennsylvania Sleep Society. The incoming President, Dr. Michael Grandner, was elected last summer following the 2011 meeting. We again will have several open board positions and will be seeking interested PSS members to fill those positions. Our society needs new board members to bring new perspectives and to grow our society. Open positions include President Elect, and Board of Directors members (2 physician and 1 technologist) that need to be filled. There will be election information at the meeting, including a timeline for the election process.

Don't forget about the pre-conference **Welcome Social Event** sponsored by RESMED. It will be Friday night, May 11 at the Hershey Lodge. The Welcome Social will be in the Cocoa Terrace from 7-9 PM and will feature free food and beverages.

We hope to see you in HERSHEY at PSS 2012!

Sincerely,

Marcy Guido-Posey
President of the Pennsylvania Sleep Society

New Sleep Research in Pennsylvania

by Michael Grandner PhD

A search through the PubMed archives for the months of January, February, March, and April, 2012 yields 84 published articles from researchers in Pennsylvania. Most of these come from academic institutions such as the University of Pennsylvania, the University of Pittsburgh, Penn State Hershey, and others, though a significant number come from other labs. Many of these authors are PSS members, though many are not.

You will see that these articles run the full range of basic science to clinical research, with human and animal studies, reviews, commentaries, etc. See how many local names you recognize!

Here is a list of all of the new studies published, relating to sleep, with at least one author in PA, from the past 4 months:

Pennsylvania

In Pennsylvania, May has been declared as Sleep Apnea Awareness Month!

Also Bill 1009 is to amend the Health care Facilities Act definitions to include sleep centers in the definition. The bill has been referred to committee for review. <http://www.palegis.us/bills/?q=2011/0/N/SB1009>. PSS members interested in getting involved in this issue, or who wish to learn more about it, you can contact the PSS Board.

Maryland

Maryland House Bill 827 (HB 827) & Senate Bill 776 (SB 776) have been submitted to Governor Martin O'Malley for signature. The bills, which have the same language, would amend the Maryland Polysomnography Practice Act ("Act") to recognize A-STEP as an acceptable educational pathway. Current statutory language the Act requires that after October 1, 2013, individuals applying for licensure must first complete a CAAHEP program. Presently, there are only two CAAHEP-approved educational programs in the state.

However, the bill would require an applicant to "Have graduated from a CAAHEP, or A-STEP program and completed a clinical component of an educational program established by the Committee and Approved by the Board."

The bill will authorize A-STEP as a viable educational alternative, but will also require the applicant to complete a clinical component that is approved by the Maryland Board of Physicians.
